While the Issue Fee Transmittal authorizing withdrawal of the Issue Fee from the petitioner's deposit account was timely filed, the funds in the deposit account were insufficient, and no payment was withdrawn. The enclosed Fee Transmittal authorizes payment of the required issue fee (\$1700), the required fee under 37 CFR §1.17(m) (\$1500), as well as other fees which may be necessary to revive the application. A copy of the Issue Fee Transmittal with certificate of mailing dated September 16, 2005 is enclosed. The entire delay in paying the required Issue Fee from the due date for the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional.

Since this utility application was filed on or after June 8, 1995, no terminal disclaimer is required.

Granting of this Petition for Revival under 37 CFR §1.137(b) is respectfully requested.

Respectfully submitted,

Kevin D. Martin
